

Name : Smriti Bajaj
Batch : 2016-2018
Designation : Intern
Company : BlackRock

“MAIT Placement Cell is the reason of my placement at BlackRock. A big Thank You to Dr. Sunita Tank Mam, Coordinator of MAIT Placement Cell, without whom, it could not have been possible. It was because of her guidance and support that I was able to work upon my weaknesses and achieve success. We got a number of opportunities, in the form of different companies, with various job profiles to find the best suited profile for us and grab the opportunity. I believe, if we are genuinely focussed on our career, MAIT Placement Cell is there to help achieve our targets.”

Company : Moody’s

“It’s a wonderful and grateful experience what I have got from Maharaja Agrasen Institute of Technology. I am really thankful to my faculties and Sunita ma’am (TPO) there who held my hand in every good and bad circumstance and has also guided and supported me at each and every moment during my two year program.”

Shruti Lohani

Batch of 2016-2018

BlackRock - Human Resource Intern

MAIT gave me a platform to grow professionally and explore management in true sense. I would like to thank the college faculties who are supportive and gave a real-view of the corporate world. It was a great learning experience within heterogenous environment. The class discussions were enriching that helped me become industry ready. The institute's corporate relations and active Placement Cell helped me grab a campus placement at BlackRock as a Human Resource Intern.

MAIT is undoubtedly one of the best college of IP university not only in terms of the placement opportunities provided to the students but also because this college offers the perfect balance between academics and extra curricular activities. The faculty is extremely helpful and very knowledgeable, with most of the professors holding rich industrial experience. They are forever ready to clear all your queries regarding academics and otherwise. The learning curve is always incremental and opportunities are immense. Apart from academics, a number of co curricular activities such as fests, summits and guest lectures are conducted throughout the year to ensure that the learning is not limited to classrooms alone. During my MBA, I had the privilege of representing MAIT at the GST summit held in Delhi and also compered for the Economic Summit hosted by our college- both the activities have added significant value to my resume. All in all, MAIT is a place where one can experience holistic development along with the best two years of MBA that one will cherish lifelong.

-Nikita Sood

Batch 2016-18

MBA (Finance and Marketing)

I strongly believe that MAIT is one of the best college of GGSIPU. These two years were amazing and it has very wonderful faculty, they are very cooperative, they gave me an opportunity to excel in my area of interest. I would like to thank all the faculties and the staff for making me a "Better Person".

The days which have been spent in MAIT were the golden days of my life and will still remember it for the rest of my life. MAIT rocks!!

Mansi

MBA-4C

Specialisation-Finance and marketing

Batch:2016-2018

I initially got selected for Moodys and worked there for about 6-7 months and after that I switched to another company S&P Capital IQ and I am doing a great job there and the experience is really good in Capital IQ. I learnt a lot here a got my hands dirty to explore and learn new things happening in the international market as well as in the corporate world.

College played an important role for this in my overall development, if I talk about the studies, training sessions, personality development sessions, placement sessions(alumni meets).These things helped me a lot to know and acquire knowledge about the actual corporate scenarios.

Special Thanks to Sunita Mam, Rajiv Jain Sir for helping me out throughout my placement process.

Thanks & Regards,

Aman Anand

"Excellent ambience, supportive faculty & abundant opportunities is what distinguishes MAIT.

For me, studying here turned out to be an immense treasure of experience and knowledge. I'm grateful to everyone who have helped me throughout the journey to achieve this milestone."

Shruti Goel

Financial Data Associate - Moodys

MBA Batch 2016-18

My overall journey at MAIT was a memorable one where i learnt alot while having fun on the other side. The faculty is so coperative and supportive. They have always lend their support when it's needed. My 2 years at MAIT were the best time that I could have spent in my entire college life.

Shivam Grover

Proper emphasis on the study as well as overall development of students. In short an epitome of quality education. I have been able to learn about my hidden potentials with the help of my mentors. Encouraging, supportive and motivating staff is the strength of this institution. In terms of infrastructure also it is leading. Moreover, students have been prepared to face the competitive world. Overall a college with potential for excellence.

All these exposures helped me to effectively initiate my venture, which I started in MBA itself. AND college also provides the full support. There are so many things which I can see, are helping me work efficiently. And the overall experience is great.

It is worth to take admission in MAIT, Rohini.

Abhishek Gupta

MAIT| FINANCE

MAIT is one of the best college under IPU. My experience here is great. I developed as an individual, understood life better, met few people who help me expand my horizon. Faculties are very experienced and they are always ready to help us.

Eminent speakers from the industry are invited for guest lectures, Economic Summit which helps us understanding the competitive corporate world.

It provides plethora of opportunities, we have got very good brand companies for campus placement, but nothing would be served on a platter, a lot depends on how you use the two years.

Being the student placement coordinator at MAIT, working with a team, I learn lot about the practical skills which help me in Corporate World, When you enter corporate world no one sees your grade but it is how good you are in communicating and how good your soft skills are, how much confidence you have and yes these all I have learnt from this college.

-Abhishek Aggarwal
MYND Solutions
Business Analyst

It was a great time that we spent in MAIT, we have learned a lot in terms of Knowledge. MAIT is actually a place to learn, a place not only to enhance knowledge but also to develop the skills. The faculties are extremely supportive and have the great hands in their respective streams, it ranges from Kucchal Sir's easiest diagrammatic representation to learn the concept of swaps, Anoop Sir's real-life corporate examples on every situation to Rajiv Sir's Entrepreneurship lessons.

Also, the Placement Cell of MAIT is quite active under the leadership of Ms. Sunita Tank. I am extremely thankful to Ms. Tank for providing me the guidance on each and every situation and to produce the best out of me. Being a Student Placement Coordinator helps me to closely analyze on how the corporate sector works and in the end making it easy to adapt to it.

Maharaja Agrasen Institute of Technology not only provide you support in academics alone but also giving you chance to be a part of various cultural events such as Economic Summit, Entrepreneurship Summit as a core team member and making critical decisions on our own. Hence this leads to all-round development of an individual.

In the end, I would say like to thank to all faculty members to enhance my knowledge and to get the best out of me

RAJAT GULATI
MBA FINANCE

MAIT is indeed one of the best university that provides you ample learning and placement opportunities.

All the teachers provide you the best mentorship to groom your overall personality for your ultimate survival and success in the corporate world.

Regards

Harshil Dawar

Batch (2015-17)

I possess more than 2.5 years of progressive experience in the HR field. My professional history includes positions such as Assistant Manager-HR at Trux App Pvt. Ltd. as well as HR Executive at Go4interviews.com. My responsibilities included Human Resource Planning, Talent Acquisition, On-boarding and Induction, Training and Development, HR Operations, Payroll Management, Performance Appraisal, Compensation and Benefits Management, Employee Life Cycle Management, Team Management to name a few. Currently, I am working with Thinkthrough Consulting as a Consultant in their HR Advisory division.

Surbhi Kapoor

From being a student to being part of an MNC was a huge and daunting step. However it is empowering to contribute and participate in real world business decision making. The ability and opportunity to harness my knowledge to effect change acts as a confidence booster. The experience and perspective gained here works like wind beneath my wings. It prepares me to be bold and fearless enough to navigate through complexities of this world to achieve my goals and greater heights.

Many Thanks to you sir for helping me a lot to reach here!!

Regards,

Divya Jain, 2015-17

I joined MAIT in 2013, the best part with this institution is:-

- Discipline and systematic approach.
- Knowledgeable lecturers.
- Academic excellence
- bringing new placements opportunities.

And the best part is maintaining a healthy relationship with alumni for future opportunities.
