**Timings:** 10:00AM- 1:00PM

**Venue:** Hall No 5. NSDL

**Organized by:** Department of Management, MBA, MAIT

**Faculty Coordinators:** Dr. Rajiv Jain, Dr. Ritu Gupta

On our recent participation in the National Securities Depository Limited (NSDL) Trade Fair held on 20<sup>th</sup> November, 2023 at Hall No 5. This trade fair proved to be a valuable opportunity for us to engage with industry leaders, gather information on the latest developments in the financial and securities industry, explore innovative solutions, establish connections with industry professionals, and potentially identify opportunities for business growth or collaboration.

With the introductory session conducted by Shree Aman Ji, shared the role of digitization in capital market, How digitization helped in faster and more accurate transactions, reducing operational costs, and streamlining various processes. NSDL is an Indian central securities depository, based in Mumbai. It was established in August 1996 as the first electronic securities depository in India with national coverage.

Mr Sanjay (CDSL iTech Head) further told the main key points to be kept in mind while investing the money taking an example of the cricket team. Some of them are: Doing proper fundamental analysis before investing, strong and early start, balance portfolio, diversification, risk tolerance, long term perspective, stay informed, review and adjust.

The visit was further augmented by Mr Mukesh Chauhan telling the 50 30 20 savings expert formula. He further illustrated the difference between savings and investment. Saving money means storing it safely so that it is available when we need it and it has a low risk of losing value. Investment comes with risk, but also the potential for higher returns. I

After this informative session a small quiz was played and some students got the prize of t-shirt from SEBI

Students then explored the different pavilions of exhibitors in Trade fair. There were pavilions dedicated to technology, health and wellness, and international exhibitors. Each pavilion typically consists of booths or stands where companies set up displays to showcase their offerings, it helps attendees efficiently explore the diverse range of products and services represented at the trade fair.

## **CONCLUSION**

Participating in the NSDL Trade Fair was a great success for us. The exposure, networking, and knowledge gained during the visit position us for continued growth and success.
