The webinar commenced with a warm welcome note by student coordinators Ankit Sharma and Pooja Singh.” The expert speaker for the session was Mr. Ranveer Kumar Assistant. Vice President, (Digital and IT solutions),IndusInd Bank Ltd.Gurugram. He provided valuable insights on the plethora of opportunities in the IT/Software Industry for management students.

Mr. Ranveer Kumar emphasized the growing importance of digitalization and technology driven solutions that are creating a lasting impact. He further highlighted the various options available in the IT industry for management students like Business analyst, PMO analyst, UX experts, scrum master etc.

This was followed by a detailed and informative discussion on the relevant technologies which are relatively easier to catch up in the form of certain certification courses namely Python, Data science, big data, Data mining, Full stack, Java Script and Angular. Sir further guided the students about the important skills needed to be successful in today’s corporate scenario.

The session concluded with an interactive session of queries and doubts from the students followed by vote of thanks by faculty coordinators Dr. Anju Bharti and Ms. Kalpana Sharma. The session was attended by over a hundred students with faculty of Department of Management, MBA and the event was indeed informative and a great learning experience for everyone.
